Vol. II, No. 50

Rohwer, Arkansas

June 23, 1943

PERSONALITY: EX-CENTER MAN GETS WRITE-UP

On page 46 of the June 21 issue of Time, residents will see a familiar name.

Yes, it's Masamori Kojima. Kojima, a former student at UCLA, left this Center early in February for Haverford college, Pa.

In the Education section his name was mentioned along with those of Konji Okuda, student council president at Oberlin college; Sotsuko Matsunaga at Washington university, St. Louis, Mo.; and Eva and Hannah Sakamoto at the University of Colorado.

The article is devoted to nisei in schools and the work of the National Japanese American Student Relocation council of Philadelphia.

At present Kojima is back for the summer vacation visiting his parents at 7-4-C.

CENTER GETS NEW VEHICLES

Driving in a caravan stretching nearly two miles, the new additions to the Center motor pool reached Rohwer Sunday at 7:30 p.m. Listed in the latest arrivals are 6 command cars and 2 ambulances, 1942 Dodge make; 12 1942 Ford stake trucks; and 6 bicycles.

"It was a pleasant but hard trip and I am very proud of the splendid cooperation of the drivers," said C. V. Updegraff, Transportation and Supply head, who headed the contingent. With him on the trip were James C. Moody, procurement officer and 17 Rohwer drivers, 3 mechanics and a similar number from Jerome.

The vehicles are from the Arlington Downs Army depot, midway between Dallas and Fort Worth.

Traveling on US highway 80, rain, heat and dust were encountered.

SHORT-WAVE BANNED

June 30, Set As Deadline For Surrender Of Radios To I.S.D.

Short-wave radios now in the Center are required to be turned in to Lindsey Hatchett, Chief of Internal Security, not later than June 30, stated Project Director Ray D. Johnston, today.

If the short-wave attachments are readily removable, they will be removed upon the evacuee's requests and the radios will be returned to the owners. The Department of Internal Security will provide this service and will issue receipts for the short-wave radios left in their custody.

This property will be returned to the owner if he goes out of the Center on indefinite or seasonal leave. It will be surrendered again if the person returns to the Center.

Johnston further stated that this step was necessary under the provisions of Presidential Proclamation No. 2525 which reveals that no enemy alien may have in his possession, custody, or control, or use or operate a short-wave radio receiving set anywhere in the United States. Severe penalties can be imposed upon persons violating these prohibitions.

The reason for the new requirements as given in Administrative Instruction No. 97, which made necessary Director Johnston's announcement, is as follows:

"In the four relocation centers outside the Western Defense Command (Heart Mountain, Granada, Jerome, and Rohwer) citizens are not forbidden by the foregoing proclamations from possessing or using short-wave radio receiving sets. Nevertheless citizens and aliens live in close proximity, many of them even sharing the same apartments. It is impossible, under these conditions, to keep the aliens from access to short-wave sets or from appearing to possess or control them. They may, as a result, be prosecuted for violation of the Presidential Proclamation."

"In order to protect innocent evacuees, promote the policy underlying the

LT. N. KOBAYASHI HERE ON LEAVE

Returning here on a five-day leave, 1st Lt. Norman Kobayashi is visiting his family in Block 38 before embarking for Camp Shelby where he will be assigned to the Japanese American combat team.

Lt. Kobayashi completed his intensive field training during the past six weeks at the Medical Field Service school at Carlisle Barracks, Pa. He will report to Camp Shelby, Miss., in the Medical Corps Thursday.

Before his induction early in May, Lt. Kobayashi served on the local hospital staff.

COUNCIL FORMS HEALTH BOARD

As provided by Article I, Section 6, j, of the Constitution, the Community Council established a Board of Health composed of 7 members.

The Board of Health is to study and report to the Council all matters concerning the health of Center residents and, when necessary, recommend measures to be taken.

Board members are Suke-taro Toda, Shiro Kawamura, Kozo Hattori, Yosaku Miyako, Kumaji Yoshimoto, Dr. Katsujiro Onizuka and John Shimakawa.

HARVEST FIGURES FOR FARM GIVEN

With the installation of two small pumps for pumping up river water, the Center farm's initial irrigation was started last week. More pumps are to be set up soon to ease the present dry condition.

Loading in the products from the farm so far this month are red radishes with 804 bushels harvested; second are stringless beans, with 729 bushels. Other vegetables measured in bushels in order are lettuce, 725; cucumber, 568; Swiss chard, 470; mustard greens, 416; spinach, 203; squash, 192; beets, 151; English peas, 25; and okra, 5.

In the agriculture office in Ad building 2 is Walter Futamachi, who with the aid of Toshiyuki Kurauchi and Edwin Fukuda, is keeping all records relative to the operation and personnel of the farm project. Assisting him with the clerical work are Irene Baba, Helen Wakabayashi, Sakaye Fujiwara and Haruko Hatashita.

ADJUSTING SELF IN RELOCATION

The following is a report prepared by the Advisory Committee for Evacuees, based on personal experiences of evacuees relocated in the Midwest with the guidance of the American Baptist Home Mission Society and the American Friends Service Committee.

"After a year in a relocation camp, it takes some adjustment to return to the

normalcy of outside living.

"Evacuees should be encouraged not to expect prejudice and discrimination. Many evacuees coming eastward say they have been reading nothing but far west coast newspapers in camp. Their whole outlook on relocation has been influenced by race-conscious editorials, cartoons, news items--all playing on the

'Jap is a Jap' and 'Take away their citizenship' themes. Such sentiment does not prevail in the Midwest and East.

"Fears of mistreatment on the outside which evacuees acquire while still in camp are largely exaggerated, unwarranted, unjustified... They ought to expect normal, pleasant encounters.

"Relocation is being discovered as enjoyable by normal young men and women who regard themselves as Americans and expect to be treated as normal Americans.

"There is an unfortunate tendency for evacuees to begin segregating themselves unconsciously. The advice to evacuees in finding housing is to avoid transient rooming areas where other evacuees have already congregated in any number."

The letter from the advisory committee stated: "There is the special problem of the zoot-suit boys with the conspicuous clothing and long hair who go about with a chip on their shoulders feeling that (Continued on page 5)

CENTER MARBLE CONTEST WILL FEATURE SATURDAY'S CA ACTIVITIES

The first Center-wide Marble contest will take place on the high school field Saturday from 9 a.m., instead of 1:30 p.m. as was previously scheduled.

Divided into groups, the first from 7 to 11 years and the second from 12 to 15 years, the tilt will offer prizes to the winning players. Awards

will also be made in the special Boy scout inter-troop marble match to be held at the same time.

With the registration deadline extended until tomorrow at 5 p.m. in PS hall 32, block managers were asked to send into PS hall 32 the names of the boys who have signed up for the contest

REPORT FOR USES CLAIMS

Approximately 230 residents registered for services offered by the representative of the United

States Employment Service in having their unemployment compensation claims reviewed.

With the establishment of itinerant services in this Center, a representative will be here every other week-end.

As it is necessary for a claimant to sign up each time the representative is here, those who registered on Friday, June 18, will sign up again on July 2. Those who registered on Saturday will report on July 3.

Registration will be taken again on Friday, July 2, for those who failed to sign up last time.

Now Showing

Showing today through Thursday will be the following movies:

PS hall 10--"Lady Eve"
PS hall 15--"Eagle Squadron"

PS hall 33--"Green Hell"

This is the schedule from Friday to Tuesday:

PS hall 10--"Green Hell"

PS hall 15--"Lady Eve"

PS hall 33--"Eagle Squadron"

RULES SET FOR CASHING CHECKS

Those wishing to cash personal checks at the canteen must show their assignment paper or other identification papers, is the report from the Co-op.

For cashing checks for more than five dollars, it will be necessary to have it endorsed by either Jonsuke Kanogaye, Co-op treasurer in block 40 or R. C. Ellen at Warehouse 6.

SABIN TO DISCUSS MIDWEST FARMING

Donald R. Sabin, WRA assistant chief of employment from Washington, is visiting this Center in his capacity of aiding in the relocation of agricultural workers. Prior to this appointment he was working in the agricultural division of the WRA.

His work has taken him through the principal cities of the Midwestern states, where he has been working in cooperation with the WRA relocation field offices.

While here, Sabin interviewed interested farmers and other agricultural workers in getting suitable work. "There are 2 or 3 main types of relocation for family people opening in the Midwest," he stated. First, there is seasonal work openings in vegetable, potato and sugar beet crops.

Then, there is family relocation at scattered farms. The standard arrangements include year-round monthly wage basis of

from \$65 to \$75 per head of the family with house, garden, poultry and dairy products usually provided. Families will find it more satisfactory to go out on this and later go into sharecropping or own farming after becoming established in the community.

Sabin will next go to the Jerome center where he will continue his agricultural relocation program and perhaps return here this week.

July Fourth!

With a two-day affair under the stars, Rohwer will celebrate her first Fourth of July.

July 3rd will be Project-wide "ondo" night.

July 4th will be All-Center "talent show" night.

Scouts Meet In Camporee

Undaunted by the burning sun and sand of Saturday and Sunday, Rohwer Boy scouts used their training and ingenuity and competed for top honors in their first Camporee here on the elementary school ground.

With a grand total of 3330 points, Troop 90 came out on top; followed by Troop 91 with 2310 points; Troop 92 with 1398 points; and Troop 93 with 2662 points.

The Indian patrol of Troop 90 won the highest honors of the two-day event with 858 patrol points. Other patrols came in as follows: Flying Eagle, Troop 90, 833 points; Swallow, T. 90, 831; Arrow Hawk, T. 92, 811; Eagle, T. 90, 808; Mohicans, T. 93, 781; Eagle, T. 93, 778; Wolf, T. 92, 756; Flying Eagle, T. 92, 743; Panther, T. 91, 701; Owl, T. 91, 697; Skunk, T. 93, 661; and Beaver T. 93, 442.

GIRL SCOUTS TO GO ON A HIKE SATURDAY

Center Girl scouts will go on a hike Saturday from 1:30 p.m. from PS hall 32.

The program will include a talk on nature, sing-along and games.

CA. ANNOUNCES STAFF HEADS

With Margaret Sorenson as acting director of community activities, the CA staff will now be headed by the following personnel:

Kazuo Ikobasu, departmental supervisor; George "Pop" Suzuki, supervisor of the athletic department, with Henry Sato as director of men's athletics, Yone Dobashi as director of women's athletics, Shiro Mizufuka as director of field maintenance, and Satoru

Sussei Plan "O-Bon" Fete

To observe the O-Bon on August 14 and 15, the Rohwer Bukkyo-Kai will hold Bon Odori on the two nights.

The first Bon Odori practice will take place tonight from 7:30 o'clock on the high school field with Mr. Deguchi as leader, assisted by Grace Hagio and LeRayne Sugimoto.

The Rohwer church board also plans to have special guest speakers from Jerome for that occasion.

Today at 7:30 p.m. in PS hall 23, Buddhist Sunday school teachers will meet to discuss the report of the recent National YMA conference concerning the Sunday schools.

PLANE CLUB WILL OPEN WORKSHOP

With the recent arrival of tools and lumber for the Rohwer Model Plane club from the WRA, work began last week on the workshop in PS hall 7 which will open soon.

Those taking part in the building of the shop are Tak Hattori, adviser-director; members of the Model Plane club; and George Omoto and Kaz Furuya, part-time workers from the Senior high school.

Guest Speaker Set For Happiness Hour

The Rev. Clyde J. Burnett, superintendent of the Pacific Coast Japanese Free Methodist conference, will speak on "Faith" at today's Happiness hour, 7:30 p.m. in PS hall 2.

Sinspiration and bible study will also be held.

Furuoka as utility foreman; Kats Nagai, supervisor of clubs and organizations; Dick Kunichi Mori, supervisor of social activities, with Kyuji Hozaki as director of the adult division, and Jiro Abe and Isamu Sugimoto as co-directors of entertainment.

With the recent resignation of Jack Kiba, the position of assistant directorship of CA was reported as discontinued.

CLUB NOTES

● Some 500 guests of the Thirty-eight Toppers at the Japanese Recording hour Thursday on the high school field were taken on a musical tour through the various Chinese cities.

Emceed by Harry Jiro Abe, advisor of the club, the two-hour program presented popular "rinkoka" recordings carrying Chinese themes, manzai and naniwa-bushi.

● The Block 14 Free Lancers gave an installation social Saturday night in Mess hall 14 to formally announce their newly-elected officers Eugene Kobata, president; Kaz Umatsu, vice president; and Toshio Nakamura, secretary-treasurer.

Those invited to the affair included the Pacertops, Rohwering P-40ettes, Spinsters, Arky Lebs, White Knights of the Round Table, Block 8 club, Post office staff and friends.

● The Rohwer Young Women's association made its debut Saturday with a gala party in Mess hall 8 attended by over 100.

Introductions were made of the following officers; Harumo Nishikawa, president; Sadako Matsumoto, vice president; Fumiko Yasui, corresponding secretary; and Agnes Uyosugi, recording secretary; Mitsuko Ogata, treasurer; Takako Ogata, Kimiko Yamasaki, social chairman; and Mary Sakata, athletic chairman. Entertainment and refreshments climaxed the affair.

● A "hot dog" feast with all the trimmings was given Sunday at the YWCA club-room for Hoshiko Kusudo, club worker and volunteer staff secretary of the Rohwer YWCA, who left yesterday for Provo, Utah.

Hunger-satisfying attractions on the "bill of fare" also included canned pineapple, cake and punch. Kats Nagai, supervisor of clubs and organizations, was the host.

Earlier in the day, Miss Kusudo was given a party by the Earnest-teens, of which she was the advisor, and by the RFCC Sunday school.

HOLOPHRASTIC

Green Leaves is a peculiar head to choose for a column, but good expressions are rarely found. Rather than keep the reason esoteric, my explanation for the title is:

Vitality, living growth, is characterized in green leaves. They are seen in abundance everywhere you go. In variety, number and beauty, they cannot be equalled. Their number suggest the hoipoiloi, the mass of common men, for whom this is written.

Current trends, yet alive with the ideas and thoughts of fellowmen, will be the source from whence, at whimsy, this half-educated will tap his portion of material.

Born a city slicker, yet at heart a country hick, the writer will nevertheless leave the cultivation and production of corn to real 'men of the earth'.
WHAT IS A JEEP?

A pocket book edition, War Humor, presents this version of what a jeep is.

Rastus Roosevelt Jones approached the recruiting sergeant with a proposition. "Boss," he announced, "Ah'll join yo man's army on condition dat I can have a jeep for mahself."

"Okay," said the sergeant indulgently, "sign here, my friend."

Rastus was duly inducted into the army and, in accordance with his promise, the sergeant led him over to a row of brand new jeeps which had been delivered to the camp that day.

"Well, Rastus," he said, "take your pick of these and let's see how you can drive."

Rastus' face registered bewilderment and deep disappointment. "Is dese jeeps," he said in disgust. "Ah done thought that a jeep was a female Jap."

SPEAKING OF FEMALES

Any resemblance between a certain type of long white radishes and a nisei girl's legs is purely coincidental. Or is it?

REPORTS OF IOWA
VERY FAVORABLE

Farming opportunities in the state of Iowa are very favorable, stated Donald R. Sabin, WRA Agricultural placement specialist.

Public sentiment, too, is very good, especially in the Des Moines area where favorable comments have been made in editorials. As those of Japanese ancestry are still quite unknown to the public, relocation has been a little slower in this area, but

everyone is against them and that someone should constantly take care of them and their troubles. Fortunately, there are very few in number. The only solution that we can see is to give special counseling when we can reach them...."

opportunities are opening, especially for family groups, commented Sabin.

John W. Copithorne of the American Friends Service committee in Des Moines, Iowa, received the following invitation for workers from W. A. Hendrikson, President of the Iowa State Vegetable Growers' association, Estherville, Iowa.

"We hold our summer meeting at Clear Lake, Iowa, at noon on Thursday, July 1. You are invited to send up a family of experienced agricultural workers..... by bus to be our guests at dinner and on a tour of the nearby vegetable fields. A bus arrives about noon. They should be prepared to go home with a member who may hire them...."

"We guarantee their fare from Des Moines to Clear Lake and their return fare and supper, if not hired."

Letters To The Editor

"Letters to the Editor" is an opinion column open for the expression of personal opinions. The paper's policy is to accept all letters that are properly signed (name withheld upon request).

CO-OP FOR PUBLIC SERVICE

I will stand corrected if I am wrong, but I am speaking with a strong conviction that I am right. The purposes of most canteens in these centers are for public service. Whether it is due to the inefficiency of its administrators or the manager and directors; whatever or wherever the cause may be, the resultant mismanagement is left vulnerable for public criticism.

If their claim is for public service, why aren't there more varieties of stock? Why carry only goods that have a quick turnover and a large margin of profit? Why is the accumulation of money considered more important than the needy purpose of public service and keeping low the cost of living?

It can become the hotbed of temptation and corruption. It can become the seeds of suspicion and distrust. The public can demand action and not vague promises.

Under the present setup, the canteen script books become useless to hundreds of people leaving the center. The amount of reimbursement is so small that they neglect to collect these. If such were the sentiment of those leaving, the script values can become surprisingly enormous. There must be some ways in which this can be remedied.

Those leaving the Center are entitled to the benefits of being a stockholder of the canteen regardless of how little the sum may be. The script has a set value and they are just as easy to compute as the wages and clothing allowances. For the benefit of residents in the future, we hope that the present inefficiency and incompetency can be corrected.

MYER OF THE WRA

Succeeding M. S. Eisenhower a year ago, Dillon S. Myer came to the WRA as director after holding various positions in the Department of Agriculture. He was the Assistant Administrator of the Agricultural Conservation and Adjustment Administration for six years. Prior to this, he held the post of Chief of the Cooperative Relations and Planning division of the Soil Conservation service. Other positions held include Chief of the Compliance section and later Assistant Chief of the Program Planning division of the AAA during 1934 and 1935.

Myer has lived up to the advance notice given in the Pacific Citizen a year ago when Mike Masaoka stated, "The appointment of Dillon S. Myer as Director of the WRA confirms our faith that the federal government intends to continue its announced policy of dealing with the evacuee problem with understanding, social vision and fair play."

Myer's recent stand in regard to the House committee investigating un-American activities is one worthy of special praise. According to the Pacific Citizen, Myer brushed aside a demand made by Representative Thomas of New Jersey, a member of this Dies committee, who asked that he "withhold the release of evacuees from the relocation centers until the committee completes its inquiry into pre-Pearl Harbor affiliations and activities of Japanese Americans."

He also asked the committee to "restrain its chief investigator, Robert E. Stripling, on the ground that his irresponsible accusations against Japanese Americans and the WRA are 'interfering' with the war effort and hampering the evacuee resettlement program."

Repeating previous denials that the evacuees were getting special treatment, the WRA director "asked the committee to produce detailed evidence in support of charges that American-born Japanese specially trained in sabotage and espionage are among those released."

It must be noted that the Chandler committee report to the Senate supports in essence the policy of the WRA.

DIES COMMITTEE PROBE

Discounting investigations made by the FBI, the War department, the WRA and the Chandler committee, the Dies committee's attempt to find something "sensational" to perpetuate its function has brought the WRA under fire.

Early reports indicate that the House investigators are conducting their study along the same basis as the West Coast Tenney and other committees.

As Americans, we will be more than willing to conform with a judicious investigation of past records of the Japanese Americans but also as Americans, we cannot sanction blind accusations and 'poppycock' trials and inquisitions. If witnesses are to be called, let them be qualified to speak and support their statements by facts and not falsified figures. Too many men who have testified have had little or no contact with the nisei.

ROHWER ROUTS CAMP ROBINSON

BENCH WARMER

By
KANGO

Relocation is really draining the Rohwer athletic pool. Every week athletes of outstanding calibre are leaving for outside employment and what with Rohwer's athletic calibre being one of the lowest of all relocation centers, it is really hitting the local sportsdom hard. Gone are such athletes as Choo-Choo Tsujimoto, Kiyo Shimasaki, Icy Hasama, Tak Kobayashi, Dave Komatsu, Butch Hayashi, Shig Shiroishi, Sam Nakamoto, Tak Senzaki, Ray Nomura and many others whose names slip my pea-brain at this moment.

The "A" softball league had to fold because of lack of high-class players and also lack of interest in the league on the part of both the players and the fans.

Let's have the cooperation of both the athletes and the fans in making the present sports debacle a nil and make the best with what we have on hand. The other centers are just as we are and still they are having a successful season. If they can do it, we can do it.

WOTTA MAN!

In Saturday's Lodi-Three Star game, Sam Ichiba, Lodi's young centerfielder, strolled up to the plate, the first batter in the first inning. He took a few menacing swings, settled back and took a squint at the catcher. What he saw made his eyes bulge out. Squatting behind the plate was the Three Star receiver Morris Muranaka with the usual catcher's mask on, but that was all he had on! Morris was minus the chest protector and shin guards.

Morris, a veteran with experience galore, considers it a sissy to wear all that paraphernalia. He caught the whole game minus the equipment and a superb game he caught. That's a Kanaka for you!

LOCALS OUTCLASS SOLDIERS; FRANK KAMIBAYASHI HOMERS

Enjoying a field day, the Rohwer All-Stars soundly trounced the visiting Camp Robinson nine, 18-5, Sunday at the Junior high school field before a huge crowd of over 2000 fans.

Hitting pitcher Harry Sakamoto for a total of twelve hits, Rohwer wasted no time in piling up a huge score. Sam Ichiba's single with the bags loaded brought in two runs and an error on Shig Kaba's grounder brought in another to make it 3-0 at the end of the first inning.

THREE STARS TRIM LODI 4-1 IN OPENER

Behind the brilliant hurling of Juli Nishimoto, the Three Stars took the measure of the powerful Lodi nine, 4-1, in a tight game Saturday afternoon at the Junior high school field.

The victors scored two tallies in the initial inning when Will Kagawa walked Hisa Nakahira and Harry Ishii, both advancing on a wild pitch and scoring on Okamoto's hit to right field.

First baseman George Kagawa's error on George Ishii's grounder sent in two more runs, scoring Juli Nishimoto and George Miyake, the latter getting on base with a single while the former walked.

Lodi's lone run was scored in the fifth inning. Sam Ichiba started it off with a clean hit to left, whereas hurler Juli Nishimoto momentarily lost con-

All-Stars To Play Military Police

The Military Police will again invade the local diamond when they meet the Rohwer All-Star team this Saturday at Diamond 2.

Shiro Mizufuka, who is considered the Center's best softball chucker, is slated to pitch.

The All-Stars really went to town in the second when six All-Stars paraded in. The next inning saw four more Rohwer boys cross the plate, Ichiba's double with the bags bulging doing the big damage.

The fourth canto saw five All-Stars score with Frank Kamibayashi socking a tremendous hit that went for a homer, knocking in his brother, Tod. That was all the Rohwer boys scored for the day, but that was enough to demoralize any team.

The soldiers never gave up hope till the last man was out. They punched in a run in the third, had their biggest splurge in the fifth with a three-run rally and

ROHWER HIGH NINE SLAUGHTERS JEROME 14-1

With Joey Noma hurling air-tight ball, the Rohwer high nine scored their second straight victory over their neighboring rival, Jerome high school, 14-1.

While hurler Noma was limiting the Jerome nine to only four hits, his mates made sure the Jerome pitcher did not do likewise by pounding three Jerome twirlers undercover. The local boys collected a total of thirteen hits.

A six-run splurge in the eighth inning clinched the game with Noma's triple with the sacks bulging doing the biggest damage.

A return tilt is expected to be played in the near future.

went down fighting in the last inning, scoring one run.

Will Kagawa hurled the first two innings allowing one hit and no runs. Archie Miyamoto took over from the third and pitched 3 innings allowing two hits and four runs with Kaz Ito hurling the last three frames giving up only two hits and a lone run.

Joker Y's Cop American League Championship

By virtue of their 11-8 victory over the ASK's Wednesday, the Joker Y's were crowned champions of the "B" American league.

The "B" league championship game will be played Thursday between the Joker Y's, American league titleholders, and the Lodi Flames, National league kingpins.

Hurling for the Flames will be Shimozaki, the unorthodox windmill ace with Hayashi on the receiving end.

Cool and steady Yamasaki will twirl for the Joker Y's with Shingu backstopping.
